5. DATE OF THIS DOCUMENT

2024-06-12

6. DATE OF DATASET

creation : 2016-03-01

7. DATASET OVERVIEW

7.1 Abstract

Soil physical properties at near surface layer by prefecture and soil classification in Japan.

Variables: saturated volumetric water content (m^3/m^3), saturated hydraulic conductivity (m/s).

7.2 Topic Category (IS019139)

geoscientificInformation

environment

7.3 Temporal Extent

| | |
|--------------------------|------------------|
| Begin Date | 1979-01-01 |
| End Date | 1998-01-01 |
| Temporal Characteristics | Time-independent |

7.4 Geographic Bounding Box

| | |
|----------------------|-----|
| North bound latitude | 46 |
| West bound longitude | 155 |
| Eastbound longitude | 122 |
| South bound latitude | 20 |

7.5 Grid

7.6 Geographic Description

7.7 Keywords

7.7.1 Keywords on Dataset

| Keyword Type | Keyword | Keyword thesaurus Name |
|--------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|
| theme | Land Surface > Soils > Hydraulic Conductivity, Land Surface > Soils > Soil Water Holding Capacity, Land Surface > Soils > Soil Infiltration, Land Surface > Soils > Soil Porosity | GCMD_science |

8. DATA PROCESSING

9. DATA REMARKS

10. DATA POLICY

10.1 Data Policy by the Data Provider

1. With regard to Data policy, if there is any data policy indicated by the data provider, that policy always has priority over this DIAS data policy.
2. DIAS data sets are to be used only for scientific research or educational purposes. Commercial use and exploitation of DIAS data sets are prohibited
3. Any modification or change of the original DIAS data sets is prohibited.
4. Any Re-export or transfer of the original data sets to a third party is prohibited.
5. The origin of DIAS data being used for any publication of scientific results must be acknowledged and referenced in the publication, with the “quotation” given below as an acknowledgement.
6. Whenever DIAS data sets are used for publication of scientific results, the author(s) shall send a copy of the respective publication, preferably in an electronic form or in a separate printed version, to the DIAS CONTACTS as indicated below.

E-mail : dias-office@editoria.u-tokyo.ac.jp

Authors are asked to refer the following reference when
publish the results using this dataset.

Takimoto, T., Takata, Y., and Kuwagata, T., Development of database of prefectoral soil physical properties for evaluating soil temperature and moisture in Japan. in preparation.

10.2 Data Policy by the Project

11. LICENSE

12. DATA SOURCE ACKNOWLEDGEMENT

12.1 Acknowledge the Data Provider

Whenever this data set is used for any academic presentations, and any publication of scientific results, the author(s) shall specify the following acknowledgement.

Takimoto, T., Takata, Y., and Kuwagata, T., Development of database of prefectoral soil physical properties for evaluating soil temperature and moisture in Japan. in preparation.

12.2 Acknowledge the Project
