## 5. DATE OF THIS DOCUMENT

2022-11-22

## 6. DATE OF DATASET

publication : 2010-07-05

## 7. DATASET OVERVIEW

### 7.1 Abstract

The data with the regional unit of MLIT (the Ministry of Land, Infrastructure and Transport) X band MP radar network

### 7.2 Topic Category(ISO19139)

climatologyMeteorologyAtmosphere

### 7.3 Temporal Extent

|            |                    |
|------------|--------------------|
| Begin Date | 2010-07-05         |
| End Date   | Under Continuation |

### 7.4 Geographic Bounding Box

|                     |       |            |
|---------------------|-------|------------|
| North latitude      | bound | 43.922222  |
| West longitude      | bound | 129.550000 |
| Eastbound longitude |       | 142.570833 |
| South latitude      | bound | 30.833333  |

### 7.5 Grid

### 7.6 Geographic Description

### 7.7 Keywords

#### 7.7.1 Keywords on Dataset

| Keyword Type | Keyword                    | Keyword thesaurus Name |
|--------------|----------------------------|------------------------|
| theme        | Atmosphere > Precipitation | GCMD_science           |

## 7.7.2 Keywords on Project

### 7.7.2.1 Data Integration and Analysis System

| Keyword Type | Keyword  | Keyword thesaurus Name |
|--------------|--|------------------------|
| theme        | DIAS &gt; Data Integration and Analysis System | No_Dictionary          |

## 7.9 Data Environmental Information

## 7.10 Distribution Information

| name | version | specification |
|------|---------|---------------|
|      |         |               |

# 8. DATA PROCESSING

## 8.1 Data Processing (1)

### 8.1.1 General Explanation of the data producer's knowledge about the lineage of a dataset

The data of the Ichihazama radar site do not exist after December 14, 2015, because of removal.

---

The data of the Ichinoseki radar site do not exist after February 13, 2017, because of removal.

From July 9, 2018 the following 3 radar sites were added.

1. Takanosu (Akita Pref.) : X-band MP radar
2. Myoujinnsan (Ehime Pref.): C-band MP radar
3. Happonngiyama (Nagasaki Pref.): C-band MP radar

From October27, 2020, the following 1 radar site was added.

1. Hakodake (Hokkaido Pref.): C-band MP radar

From January 24, 2021, the following 1 radar site was added.

1. Houdatsusan (Hokuriku): C-band MP radar

From August 29, 2022, the following 1 radar site was added.

1. Muriyama (Hokkaido) : C-band MP radar

## 8.1.2 Data Source

| Data Source Citation Name | Description of derived parameters and processing techniques used |
|---------------------------|--|
|---------------------------|--|

## 9. DATA REMARKS

## 10. DATA POLICY

### 10.1 Data Policy by the Data Provider

1. XRAIN data sets are to be used only for scientific research or educational purposes, and shall not be used for any other purposes, including for profit, than stated in the application form.

2. User shall provide the name, affiliation, contact information of the person responsible for the research group that will use this data, as well as the purpose of use.

Unless there are special circumstances, the period of use shall be limited to three years in principle.

However, if it is confirmed that the terms of use have been violated, the use of the data may be suspended regardless of the period of use.

3. After the end of the period of use of this data or the suspension, user shall discontinue to use and promptly destroy this data.

However, this shall not apply to the retention of this data as the basis for conference presentations, thesis presentations, journal publications, reports, etc. using this data.

4. Any modification or change of the original XRAIN data sets is prohibited.

5. User shall not provide the original XRAIN data sets to any third party outside of the research group.

---

6. If user has made a conference presentation, paper presentation, journal presentation, or report using this data, submit a copy of the publication (reprint in the case of a paper, or a copy of the abstract in the case of an oral or poster presentation) to the contact and mailing address below.

\* Contact

River Information Planning Office, River Planning Division, Water Management and Land Conservation Bureau, Ministry of Land, Infrastructure, Transport and Tourism.

Chuo Joint Government Building No. 3,  
2-1-3 Kasumigaseki, Chiyoda-ku, Tokyo 100-8918, Japan  
Email: hqt-dias@gxb.mlit.go.jp

User shall also submit to the address specified in the Terms of Use of the Project.

7. User shall cooperate with inquiries from the data provider concerning the contents of materials using this data (materials submitted to the data provider in accordance with 6.) about the documents submitted by the rule 5.

<Disclaimer>

1. Data provider shall not liable for any losses or any damage from the use of XRAIN data sets.
2. Data provider may discontinue to provide XRAIN data sets without any prior notice.
3. Data provider does not support any additional processing or analysis of the provided data.

## 10.2 Data Policy by the Project

### 10.2.1 Data Integration and Analysis System

If data provider does not have data policy, DIAS Terms of Service (<https://diasjp.net/en/terms/>) and DIAS Privacy Policy (<https://diasjp.net/en/privacy/>) apply.

If there is a conflict between DIAS Terms of Service and data provider's policy, the data provider's policy shall prevail.

## 11. LICENSE

## 12. DATA SOURCE ACKNOWLEDGEMENT

### 12.1 Acknowledge the Data Provider

Whenever XRAIN data sets are used for any academic presentations, and any publication of scientific results, the author(s) shall specify the source of the Products.

Example:

"XRAIN data sets used for this study are provided by Ministry Land, Infrastructure, transport and Tourism, Japan"

---

## 12.2 Acknowledge the Project

### 12.2.1 Data Integration and Analysis System

If you plan to use this dataset for a conference presentation, paper, journal article, or report etc., please include acknowledgments referred to following examples. If the data provider describes examples of acknowledgments, include them as well.

” In this study, [Name of Dataset] provided by [Name of Data Provider] was utilized. This dataset was also collected and provided under the Data Integration and Analysis System (DIAS), which was developed and operated by a project supported by the Ministry of Education, Culture, Sports, Science and Technology. ”
